

REMARKS / ARGUMENTS

In complete response to the Restriction Requirement dated March 27, 2006, on the above identified application, reconsideration is respectfully requested. Claims 18-43 are pending in this application.

Election/Restrictions

The Examiner requested a restriction under 35 U.S.C. 121 and 372 between the following allegedly distinct inventions:

- I. Claims 18-26, 41, and 43, drawn to a gel water-in-oil composition, classified in class 514, subclass 1.
- II. Claims 27-40 and 42, drawn to a process of preparing composition, classified in class 524, subclass 801.

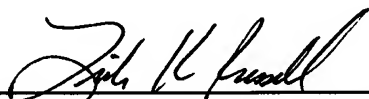

In response to the requirement for restriction, the Applicants elect with traverse the invention of Group II, claims 27-40 and 42, drawn to a process of preparing composition, and withdraw claims 18-26, 41, and 43. As the desired result for both groups is identical, the structuring of these claims should not present an undue burden on the Examiner for search purposes.
